

GOALS 2009

boston & beyond! July 19-23, 2009

CALLING ALL Intermediate and Senior Age NJSGA Members. Make plans NOW to attend GOALS 2009, "Boston and Beyond"

An exciting and educational leadership conference is being planned for GOALS 2009 this summer in beautiful Boston, MA. All intermediate and senior NJSGA members are encouraged to take advantage of this opportunity to come together with fellow members from all across the country in a relaxed atmosphere (sorry- no cattle allowed) to learn and practice the skills necessary to become great leaders. In keeping with the SG Youth Foundation mission, junior members will have the opportunity to participate in seminars that assist in the development of individual and team leadership skills as well as polish their individual goals for their future. The location of GOALS varies each year in order to expose members to different areas and cultures of the country. Over the years, GOALS has been held in such places as Arkansas, Florida, Georgia, Alabama, Texas, Tennessee and Washington, DC. Boston, MA was chosen this year not only for its tremendous history as the birth place of America, but also for its total uniqueness and beauty. The NJSGA in partnership with the SGYF makes this an affordable and wonderful opportunity for the junior members.
