Terms and Conditions

Time: Sale will be at 11:00 a.m.

Terms: The terms are cash or check to be paid the day of the sale unless prior arrangements have been made.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold, but not delivered until settlement has been made.

Registration Papers: Registration certificates on each animal will be delivered directly to SGBI after the purchaser's check has cleared the bank. Purchaser will receive their certificate directly from the office of SGBI.

Health Papers: Sale animals will have health papers issued within thirty (30) days of sale date making them eligible for interstate shipment, except as announced otherwise from the auction box.

Bidding: Each lot on which there are two or more bids will be sold to the highest bidder.

Disputes: The Auctioneer in charge will settle any disputes as to bids, and his decision shall be final.

Announcements: All announcements from the auction box will take precedence over the printed matter in the sale catalog.

Liability: All persons attending the sale do so at their own risk. No individual person, ranch, or the Lavaca Exposition Association will be held responsible legally or otherwise for any accidents which may occur.

Guarantees: All animals that sell are guaranteed breeders. Females in calf or nursing a calf are considered breeders without further guarantee. Any animal that has not proven itself a breeder within six months after sale date, or six months after reaching 18 months of age, if in healthy condition and meeting the health regulations of the state, may be returned to the seller's ranch at the buyer's expense. The seller reserves the right to try for a period of six months to prove the animal a breeder. If proven a breeder, the animal will be returned to the buyer at the buyer's expense. Should the animal fail to prove a breeder in the specified time, an adjustment of equal value or a refund of full purchase price will be made. The return of full purchase price shall in any case be deemed full satisfaction and settlement. If a female sold as "open" proves to be with calf, the purchaser may return the animal to the seller for a refund of full purchase price or for another animal of equal value, whichever is acceptable to the purchaser. Purchaser shall be obligated to bear expenses incurred for transportation. Animals sell in the sale on their own merit.

Rights and Obligations: The above terms and conditions of the sale constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Animals resold following purchase in the sale, shall constitute a separate transaction, and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Scramble Certificates: Scramble certificates, properly executed, will be accepted as partial or full payment for any open heifer sold in the sale. Completion of certificate and submission to the appropriate fair for payment will be the responsibility of seller.

Contract: The above terms and guarantees shall constitute a contract between the buyer and seller as each animal is sold. The buyer is responsible for the animal as soon as it is sold.

- This is a heavy bred heifer with a lot of eye appeal. Calves out of 13/4 have been small.
- We bred her to calve at the 28-30 month mark intentionally.
- She should do a good job for anyone's operation.
