b. **Star Five fitting** – Star Five exhibits are not subject to purebred clipping rules. Entries are to be fitted blow and go. Hair may be brushed according to preference with no foreign substances / fitting materials on any part of the body.

Standard of Excellence

Please read and understand: Purebred Santa Gertrudis must meet appearance standards. For full explanation go to www.santagertrudis.com – look under **Performance** then go to **Breed Standards** this will explain what conditions could cause disqualification of your animal. Please note one of the most obvious problems is hair color. White outside the underline or other spotting in other parts of the body could cause disqualification. Brindle in any extent could cause disqualification. There should be no more than 50% of the underline white, white must remain behind the front legs and may not extend past the udder or testicles. Any questions please call a member of Breed Standards Committee.

**Please read carefully, if you have any questions, please contact
Trai Stegall at (662) 296-5120
before the show begins. Do not wait to ask questions once the show begins - it may be too late.**

- Judging procedures will NOT be interrupted for protest investigation. Depending on the basis of the protest, a decision may be withheld until a thorough investigation is completed. No complaint or appeal regarding a judge's decision or method of selection will be considered.

DESCRIPTIONS OF THE SPECIAL SHOWS

Donated Heifer Show 2023-2024

All general rules apply to the Donated Heifer Show. Only heifers awarded during the 2023 NJSGS are eligible for the 2024 Donated Heifer Show. Age and ownership dates are applicable. Donated Heifer entries MUST BE DESIGNATED during the NJSGS On-line Entry. This is Donated Heifer Class D-01 (only 1 Donated Heifer Champion will be selected). No entry fees.

***All animals must be shown during the NJSGS purebred show to be eligible*

2024-2025 National Junior Santa Gertrudis Donated Heifer Program Rules

“To encourage donated heifer recipients to build their herds with genetics through the generosity of the breeder’s donation, to hone communication skills of recipients and foster relationships between juniors and breeders, all while enhancing the promotion of the Santa Gertrudis breed.”

Rules and Regulations:

1. Each recipient of a donated heifer and his/her parent or legal guardian is required to sign a written statement agreeing to abide by the rules and regulations of the NJSGS Donated Heifer Program. Those that refuse to sign the statement will automatically forfeit the donated heifer to the second-place winner of the class.
2. At the time of preparing entries for the National Junior Santa Gertrudis Show, juniors must read and sign their acknowledgement of the Donated Heifer Program rules. Juniors must also designate if they would like a donated heifer if they are to win a class at the National Junior Show. If no is selected, the junior will forfeit their ability to win a donated heifer at that year’s National Show.
3. Recipients can receive a maximum of 2 donated heifers each year. If a recipient wins more than two classes, the second-place winner of the youngest additional class(es) will win the donated heifer. For example, if a junior win’s classes 2, 12 and Champion Bred & Owned, the second-place winner in Class 2 will receive the donated heifer.
4. Donated Heifer recipients will draw for their assigned donor at the conclusion of the NJSGS; unless they have won a class that the donor has specifically requested (i.e., Bred & Owned, Star Five)
5. Each recipient MUST send a handwritten thank you letter by July 30, 2024 to the donor of the heifer, which they were awarded at NJSGS. A copy of the thank you letter must be sent to the YAC Donated Heifer Subcommittee Chairmen.
6. Once the heifer’s registration papers have been transferred to the recipient’s name at SGBI, a copy of the original registration paper, stamped with a red NJSGS Donated Heifer Program stamp, will be forwarded to the recipient, along with a letter from the NJSGS Donated Heifer Program. (This documentation should be acceptable for your local shows as well as major shows.) The original registration certificate will remain in the files of SGBI c/o Donated Heifer Committee until the end of the 2024 NJSGS.
7. Donated heifers MUST be registered in the name of the recipient and picked up by January 1, 2025. (The Donated Heifer Subcommittee should be notified by December 1, 2024 if the heifer cannot be picked up by January 1, 2025 so that other plans can be made.)

8. The recipient MUST write a letter to the breeder of the donated heifer every 3 months after being awarded the heifer at the 2024 National Junior Santa Gertrudis Show. The first communication is a handwritten thank you letter due by July 30, 2024. Subsequent letters are due by September 30, December 30, March 30, and June 30 (which is the final letter due after next year's Jr. Nationals). Once the heifer is received, a monthly progress report is due during the months the letter is not written. This can be in the form of personal contact, email, photos, etc. Communicate with your donor!!! Copies of reports/letters must be sent to the YAC Donated Heifer Subcommittee Chairmen (texting is not an acceptable form of communication). If recipient has not fulfilled requirements of the Donated Heifer Program: The recipient will be notified in writing by April 15th (prior to Jr. Nationals) that he or she may be in violation of the donated heifer contract. The recipient will then have until May 1st to correct the deficiencies and notify the committee of the corrections. If the committee has not been informed of the corrections by May 1st, the recipient will be notified immediately by letter that the terms of the donated heifer contract have been violated. Any recipient who has violated the terms of the donated heifer contract, and has been sent written notification, may not show the donated heifer at the ensuing National Junior Santa Gertrudis Show and will not be eligible to receive a donated heifer at the show again.
9. Donors will notify the recipient and the Donated Heifer Subcommittee, at the time of transfer, if they would like the heifer to be shown at the following NJSGS. If the donor has requested that the animal be shown, all efforts must be made by the recipient to have the donated heifer at the NJSGS. If the Donor does not require the heifer be shown, the recipient does not have to bring it back the following year but is more than welcome and encouraged to do so. The donated heifers can be shown in their respective classes and a special class at that National Junior Santa Gertrudis Show.
10. The recipient, while attending the 2025 NJSGS, MUST display a sign above the donated heifer indicating the heifer donor, heifer's name, and heifer recipient. The sign may also be displayed at various shows throughout the year as a sign of gratitude.
11. Exceptions to the above: The recipient of a donated heifer who is ineligible to return to the NJSGS may transfer the donated heifer to another junior (who is an eligible SGBI junior member) or the second-place winner in the class with the understanding that all rules and regulations of the NJSGS Donated Heifer Program will be met. The ineligible recipient may also just keep the heifer, fulfill the requirements of the letter writing/progress reports (as stated in #5 and #8) and would therefore be able to bring the heifer back to the NJSGS for the Donated Heifer class. The Donated Heifer Subcommittee MUST be notified of this decision.
12. An award at the 2025 NJSGS for the Donated Class will be presented to the Grand Champion and the Donor.
13. The original registration certificate will be mailed to the heifer recipient, after all of the rules and regulations of the NJSGS Donated Heifer Program have been met, following the 2025 NJSGS.
14. All obligations of the NJSGS Donated Heifer Program MUST be met and MUST be verified by the Donated Heifer Subcommittee. Considerations from all parties - Donated Heifer Subcommittee, Donor, and Recipient- will be taken into judgement before action is taken.

The National Santa Gertrudis Youth Foundation sponsors a college scholarship program to encourage junior members to continue their education beyond the high school level. The recipients are chosen by a scholarship committee. The amount of each scholarship is determined annually by the NSGYF Management Committee. The scholarships are awarded based on membership and participation in the junior association, grades, need and the perception of the committee that the applicant will complete the future plans in higher education that he or she has.

Applications must be requested from the SGBI office and must be completed and returned in a PDF format to nsgyfscholarships@gmail.com by **JUNE 1, 2024**. No Late Applications will be accepted.

Only 2024 graduating seniors are eligible for scholarships being offered. The students must be current members (dues paid for the 2024 member year). In addition, the students must have participated in at least three (3) National Junior Santa Gertrudis Heifer Shows (the 2024 show can be included as one of the three (3)). The 3 requirement national shows need not be consecutive.

The Polled Santa Gertrudis Association offers a scholarship for members of the Polled Santa Gertrudis Association. Membership in the Polled Association is required for the current year.

Scholarship applications will only be accepted in a PDF format and emailed to nsgyfscholarships@gmail.com

Graduating seniors applying for NSGYF scholarships are requested to attend the NSGJS for the interview process. Interviews will be conducted on Wednesday during the show. If a student is unable to attend the scholarship interview during the show, they must give the Foundation Chairman/Scholarship committee 14 days' prior notice so arrangements can be made for an alternative interview. Emergencies are exempt.

Times are flexible as we know several junior members are involved in other activities. Once you receive notice on your time and there is a problem, please notify the show office.

ADDITIONAL STIPULATIONS (which will be addressed in depth at the scholarship meeting)

- 1) Membership must be maintained in SGBI for length of scholarship.
- 2) Thank you letters must be sent each semester.
- 3) Mandatory meeting – one will be notified if need to attend.

True purpose of any Santa Gertrudis is to produce offspring to produce beef. The NJS GS conducts the Better Beef Contest to raise awareness of beef quality in our breed, identify individual animals with superior carcass attributes, and add data to our registry.

BULLS born between April 1, 2023 and August 31, 2023: the following data will be collected on bulls: Weight, Carcass Data Ultrasound Information (Intramuscular Fat %, Rib Eye Area, Fat Thickness and Rump Fat Thickness), Scrotal Circumference, Hip Height (Frame Score) and DNA Collection.

We will be processing participants by affiliate. When we receive entry information in May, we will release a schedule with estimated times for each affiliate. If you have a scheduling conflict, please don't hesitate to let us know. We will work with everyone to make sure that all exhibitors who wish to have cattle scanned can do so.

Contest will take place on Monday from 8:30 AM - 2:00PM. Cattle must be in line by 2:00 p.m. Exhibitors with eligible aged cattle are encouraged to participate, as not only will this provide important information on the carcass quality of your animal, but it will also aid our breed registry in acquiring valuable data. Please be advised that the scan does require oil to be put on the back of the animal while it is restrained in the chute.

BRAIN BOWL CONTEST

Entry DEADLINE June 1, 2024

Please read over all rules and be acquainted with the contest. An affiliate youth advisor can contact Amanda Millican agmillican@gmail.com for entry forms.

All entries must be emailed by affiliate rep by June 1, 2024.

Brain Bowl study questions are available to affiliate youth advisors. Additions, deletions, or corrections may be made periodically. All changes will be made no later than one month prior to the entry deadline. Any study questions received prior to this date may not be current. The most recent study questions will be identified by date of changes. Study questions (one set for each division) will be sent to affiliate youth advisors by request only. Affiliates will be responsible for making copies for each contestant. Contact Amanda Millican for study questions agmillican@gmail.com.

If an affiliate intends on having a team compete in any of the three divisions of Brain Bowl, an affiliate youth advisor must enter the team. The competition will consist of Junior, Intermediate, and Senior divisions. An affiliate will enter four (4) member teams.

See 2024 NJSGS Rules and Regulations, Rule A for division age breaks. If an affiliate is unable to fill a team with 4 members upon arrival at the Brain Bowl Meeting, they will have several options:

An affiliate may enter a team with junior members from other affiliates so long as at least one team member is a member of the sponsoring affiliate at the time of entry and the other team members are National Junior Santa Gertrudis Association members.

An affiliate may move a participant(s) from a younger age division up to an older age division in order to fill a team. At no time though will an older age division participant be allowed to participate on a younger division team.

As a last resort, if a team member drops out for any reason, then the affiliate may still compete with a minimum of three (3) team members. If a three-member team is used, then that team will have an empty chair and be at a disadvantage. In a one-on-one question sequence, the opposing team member opposite the empty chair will be asked the question directly. No one from the three-member team may answer that question for the empty chair position. If the four-member team member is unable to answer the question, then Rule 3 will apply.

To allow the opportunity for all junior members to compete in the Brain Bowl competition, special consideration may be made, if necessary. When the entry (for each division) is submitted to S.G.B.I., contestant names listed on line 1, 2, 3, and 4 will make up a team. If an affiliate has more than four contestants (per division) these names will be entered on the additional lines provided. When all entries are received after the deadline, the contest chairperson will review the entries. The additional entries will be grouped together to form a team(s). If there are not enough participants to complete a team(s), the affiliate youth advisors for the participating team(s) will decide if additional team members will be added or if the team will compete with the three-member team member requirement (see 1c). (Note: Please only enter names of junior members who are interested in participating in the Brain Bowl Contest. Do not enter a name just to fill a spot. This will allow the committee to assemble a team(s) for all junior members who are interested in participating.)

There will be a Brain Bowl meeting held prior to the Contest each year. Drawing for bracket assignments for each division, distribution of blank contestant team and name cards, and general guidelines will be discussed at this meeting. **In addition, Brain Bowl members will draw for their seat, which will remain their seat throughout their duration of the contest.** Affiliate youth advisors or an adult representative must attend this meeting. Absence of an affiliate representative will result in drawing for bracket placement by a committee member. It will be the responsibility of the affiliate youth advisor or

their representative to write team name and team member names on the cards. Team members will be responsible for placing their individual name card in their holder and the affiliate youth advisor will place the team name in the holder at the Brain Bowl contest.

3. Teams "A" and "B" are competing – the first question will be directed to contestant 1 on "A" team and 1 on "B" team. 1A and 1B will have ten (10) seconds to buzz and ten (10) seconds to answer the question.
 - If the question is answered correctly, the team will score one (1) point.
 - If the question is answered incorrectly, the opposing team will have ten (10) seconds to discuss the question and give an answer.
 - If after discussion the opposing team answers the question correctly, the team will score one (1) point. If the team answers the question incorrectly, the question dies.
4. The second question will be an "all play" directed to any contestant on either team. Contestants will have ten (10) seconds to buzz and ten (10) seconds to answer. There is no team discussion except as follows.
 - If the question is answered correctly, the team will score one (1) point.
 - If the question is answered incorrectly, the opposing team will have ten (10) seconds to discuss the question and give an answer.
 - If after discussion the opposing team answers the question correctly, the team will score one (1) point. If the team answers the question incorrectly, the question dies.
5. The third (3rd) question will be directed to contestants 2A and 2B with the rules for #2 and #3 above. The same sequence will be followed throughout the contest.
6. If an answer is heard from the audience, the question will be dropped.
7. If two lights come on at the same time the question will be dropped.
8. The moderator will stop reading the question when a light appears. The contestants must give an answer within ten (10) seconds. If the answer is incorrect, the question will be repeated in its entirety for the opposing team.
9. There will be no true/false questions asked.

10. Each contest is ten (10) minutes long. Time will pause for answers referred for review by the moderator.
11. At the end of each round, one (1) bonus point will be given to any team whose members all answered at least one question correctly.
